Quality Policy Statement

It is the policy of the company to deliver service excellence through our quality of work, value for money and commitment to putting our clients first.

To this end, the company shall establish clear objectives to ensure that all contracts are carried out on time and to budget and that the company's clients receive, at all times, the quality of service to which they are entitled.

To support this policy **MOHAMMAD FAROOQUE ALAM CONTRACTING CO.** has established a Quality Management System. The implementation and maintenance of the Quality Management System shall be administered by the Executive Manager, who shall have the full backing of the Managing Director.

To enhance clients satisfaction, and meet the commercial objectives of the company, it is the intention of management to continually review and improve the efficiency and effectiveness of the company's quality management system.

It is the Executive Manager's responsibility to ensure that the requirements of Company manuals and procedures are communicated effectively to, and are fully understood by, members of staff and are complied with at all times. If, for any reason, problems arise which cannot be resolved by the Executive Manager, they shall be brought to the attention of the Managing Director for resolution.

Installation:

Clearly of outstanding concerns for the consultant, the main contractor or end user, the Final visual inspection, Pre-commissioning, Commissioning duties are entrusted to duly authorized personnel, often certified by local authorities for specific type of operations.

These people are reckoned among site people, allotted with the appropriate equipment and measuring instruments which are carefully controlled (outside calibration when needed, program of internal periodical check, etc.) The client is given an Operation and Maintenance Manual, where it will hold all relevant information necessary for a safe and efficient operating of the installation.

Warranty:

The client can call **MFABCON JV SAAG** for intervention within the warranty period stipulated by the contracts (a defined period from the site hand over) provided the issue prior assessment confirms it is in our scope of work.

An experienced team, equipped with proper tools or/and instruments, conduct the required maintenance, using the already released Instructions and the Maintenance Manual.

MFABCON JV SAAG recognizes its moral and legal responsibilities under the Saudi Health and Safety and associated regulations and codes of practice.

This Health, Safety and Welfare Policy sets out the manner in which the company intends to meet its obligations and promote and encourage our employees, Sub-Contractors and Suppliers and their employees to adopt a positive, co-operative approach to health, safety and welfare.

This policy statement and associated arrangements are designed to:
Provide and maintain safe systems of work appropriate to the nature of the company's activities by identifying hazards and carrying out risk assessments. Ensure a safe working environment through implementing risk control measures.

Promote a safety culture in which all parties accept responsibility for Health, Safety and Welfare.

Enable and promote communication and consultation with all staff. Set objectives for and achieve high standards through the provision of safety training and instruction. Provide a basis for the review and continual improvement of the company health, safety and welfare policy, procedures and control systems.

The Health, Safety and Welfare Policy sets out in general terms what each of us needs to do about health and safety at work and shall be issued to all employees and made available to all interested parties. It is up to us to act responsibly, carefully and wisely, for our own well being, that of our clients our colleagues and our families.

29th August 2022

Dear Sir,

Contract No: Letter of Acceptance dated 1 November 2021
Project: King's College Hospital Jeddah
Services: Main Contractor Works
Subject: Addendum to Provisional Sum No. 04

Further to the Provisional Sum Instruction ref. PSI-010 ref: KCH/MC/TS/PS010/R0/220102 dated 02-Jan-22 related to Provisional Sum No 04 'Sanitary Fixtures', the Contractor is hereby instructed to proceed with the following addendum to the above mentioned provisional sum. The procurement of this provisional sum package shall be proceeded by awarding the package to Saoud Ali Abdullah Al-Ghamdi Est. General Contracting (SAAG) in accordance with its attached proposal.

The revised value of the above Provisional Sum package shall be SAR excluding 12% for Contractor's overheads, profit, builder's work and attendances where the original instructed value was SAR . The additional value of SAR is instructed via this instruction PSI-034.

The Addendum to the Provisional Sum Instruction is attached for the Contractor's signature.

Should you require any further information in relation to this notification, please do not hesitate to contact the undersigned.

Yours sincerely,

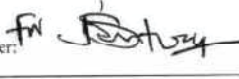

Kostas Papakostopoulos

INTRODUCTION-B

M.F.A. Building Contracting LLC, sophisticated and unique Building contracting firm based in Dubai, U.A.E established by Mr. Mohammad Farooq Alam, Civil Engineer who has been successfully practicing Contracting and Interior fitout works for the last 25 years. Mr. Mohammad Farooque Alam has executed extravagant Building projects, Villa's, Warehouses and interiors, which have demonstrated his flair for construction and Interior Design.

M.F.A. Building Contracting is specialized in flawless designs of luxurious Villas, Offices, Showrooms, Restaurants, Warehouses and Clinics.

M.F.A. Building Contracting has executed impeccable projects as contractor and turnkey contractors, with a flawless track record since last 25-years.

With an open communication and collaboration, Kashif Building Contractor has been able to provide a combined range of services to our clients, with breathtaking fit out designs and trends. Whatever the project, we deliver to the standards of our client's utmost satisfaction ensure the authority approvals and standard regulations and guide lines.

OUR PROFESSIONAL TEAM:

We at MFABCON, have highly educated and experienced forces of professional teams of Civil Engineers ,Architects, Interior Designers, Quantity surveyors and AC. & Electrical Engineers, who have continuously contributed to the distinctive style and standard of our company.

Our professional teams highly enhance the function and quality of Outdoor and Interior spaces for the purpose of improving the quality of life style, as well as increasing productivity, ensuring health and safety, and welfare of the occupants.

Our Teams always take into account our clients requirements, personality, heritage, cultures, goals, suggestions, and life style and formulate preliminary design concepts that meet the standards of our clients. The design solutions are always aesthetic, appropriate and functional yet; holding the codes and standards of our clients and the company in high regard.

The final design recommendations are being developed and presented through appropriate presentation media, taking the essential parts of all design styles, themes, color, balance and function into consideration. Our professional teams make sure that style and usage of each of these are all integral parts of the overall "look" and "feel" of the space.

ام.اف.ايه. المقاولات البناء ش.ذ.م.م
M.F.A BUILDING CONTRACTING L.L.C.

We at M.F.A. Building Contracting always use innovative quality materials that suit the design best.

In our span of works, our teams of Engineers, Architects, Interior Designers and Managers have been able to acquire a wide variety of skills in every way, to manage any kind of turnkey projects from conception to completion.

We keep our Engineering and Contracting processes, as well as Designing Software up-to-date ensuring quality and expertise are maintained at the highest level of competence, further understanding our passion for perfection.

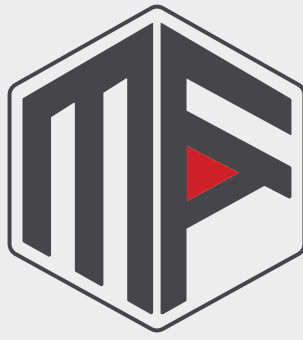

At MFABCON, our Customer Care goes beyond designing interior space in particular and our project management services span an entire gamut of activities like MEP services and LV systems to daily errands.

We always ensure our clients have a pleasant life style for over a lifetime.

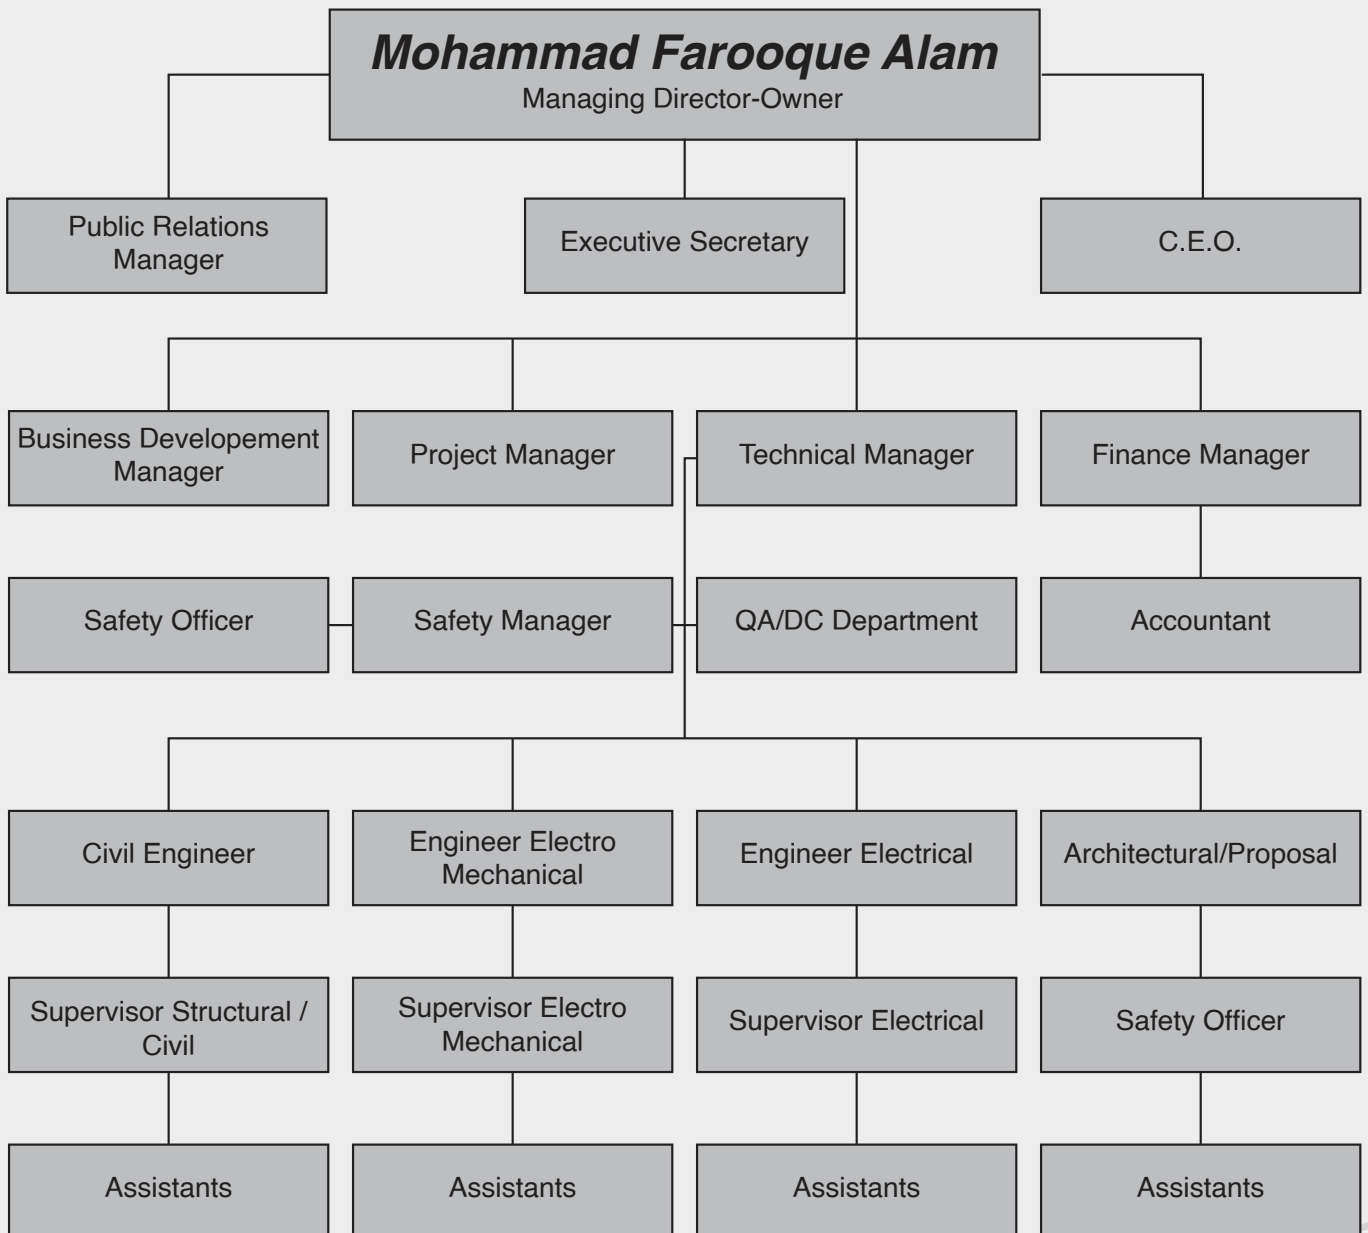

We endeavor to provide each client with their own unique and extravagant design that suits their requirements, budget, personality and style.

The vision of excellence we have set for ourselves will continue to inspire us in all our endeavors and business.
